NOTES:

BIOGRAPHICAL SKETCH

Arthur Detmers Dubin, who originally assembled the materials in this collection, has had a lifelong interest in passenger trains and has been collecting items for more than 40 years. Born in 1923, he was educated at Lake Forest College and the University of Michigan (B. Arch., 1949). Dubin worked as an architect at the Chicago firm of Dubin, Dubin & Moutoussamy and retired as a senior partner in 1993. His knowledge of transportation was helpful in the firm's successful undertaking of projects for the Chicago and Northwestern Railway, the Chicago Transit Authority, the Washington, D.C., Metro, and American Airlines. His other architectural works include government buildings, military installations, schools and colleges, hospitals, and banks.

Dubin collected Pullman and passenger train memorabilia, and has served on numerous advisory boards and commissions in the area of passenger transportation. Dubin wrote three books based on his collections: *Some Classic Trains*, *More Classic Trains*, and *Pullman Paint and Lettering Notebook: A Guide to the Colors used on Pullman Cars from 1933 to 1969*.

Dubin's Pullman collection is now at the Smithsonian Institution and the Abraham Lincoln Presidential Library in Springfield, Illinois. Other parts of his railroad collection are at the California State Railroad Museum in Sacramento and the Donnelley Library of Lake Forest College.
