

**INDIANA HISTORICAL SOCIETY  
ARCHIVES AND LIBRARY  
REFERENCE SERVICES, COPIES AND FEES**

(Prices subject to change at any time.)

The Indiana Historical Society (IHS) provides reference assistance to researchers who visit the William Henry Smith Memorial Library and to customers who contact the IHS by telephone, letter, or e-mail. Inquiries must include the requestor's name and address. To facilitate a timely and accurate response, customers are encouraged to read information, directions, and referral contacts on the main Library [Reference](#) page.

Please allow two to three weeks for a response to a written inquiry. Requests are answered in order of receipt. If a prompt reply is needed, please call Library Reference at (317) 234-0321.

Fees apply for making and/or using copies or reproductions, and an hourly rate applies for any non-instructional research or other assistance by the IHS requiring more than 30 minutes. For more information about what constitutes non-instructional research, please contact [Reference](#) to discuss this option. As a courtesy, the IHS provides names of [professional researchers](#) if a project is beyond the scope of usual services. All arrangements between requestor and a private researcher are the requestor's responsibilities.

### **Photocopying Policy**

Paper copies and/or photographic or digital image reproductions can be made of most material in the IHS collections. The IHS reserves the right to refuse a request for copies if the Archives and Library staff believes that copying would risk damage to the item(s) being copied. Requests for copies will be completed as timely as possible within resource limitations on equipment and staff time.

For **Visual collections**, photographic or digital image reproductions can be requested of material in IHS collections by contacting the [Visual Reference Librarian](#).

### **Charges for Copies and Reproductions of IHS Items**

Prices for copies and reproductions reflect the IHS policy to recover costs of making copies and reproductions, as well as modest consideration for conservation, preservation and access to the collections. Licensing fees are assessed according to the manner in which images are to be used. To determine the fees associated with your request, please contact the [Visual Reference Librarian](#). Contracts are required for digital reproduction requests. Other copies or reproductions not outlined in the fee schedules below may be authorized on a case-by-case basis and may include any outside commercial fees necessary for the IHS to fulfill such requests, in addition to internal IHS costs. Images from our digital collections may be printed or downloaded by individuals, schools or libraries for personal use, study, research or classroom teaching without permission.
