HISTORICAL SKETCH

The United Spanish War Veterans (U.S.W.V.) was an organization consisting of veterans from three different wars: the Spanish-American War, the Philippine-American War, and the Chinese Relief Expedition. The organization was formed in 1904 when the three largest veteran organizations for the Spanish-American War merged together. In 1908, veteran organizations for soldiers serving in the Philippines also merged with the larger organization.

The purpose of the group was to provide camaraderie amongst the veterans, advocate for veteran concerns, and maintain the graves of fallen soldiers. Each participating state was considered its own department with individual local level branches known as camps. The Nathaniel Isler Camp was created to represent members from the Jeffersonville, Indiana, area. It was named after a local soldier who had died during the one of the wars. The veteran organization disbanded when the last surviving member passed in 1992.

The Spanish-American War took place between April 1898 and February 1899. The Philippine-American War took place between February 1899 and July 1902. The Chinese Relief Expedition occurred between 1900 and 1901, when United States troops were sent to put down the Boxer Rebellion that occurred in China between 1899 and 1901. The expedition troops were included with Spanish and Philippine war veterans on federal pension bills.
